**OFFICER'S REPORT**

**DATE:** 6/9/18

Greetings Region,

All is well with treasury. We have the FY 2017 financials that were sent out with the minutes. I will work with the bank & accountant to get the M&T bank statements along with the spreadsheet filled out for tax purposes (FY17). As far as I know we are good on the Region side for FY 2015 & 2016.

Also I would kindly ask the region not to wait until the end of region for any money motions. That way we have ample time in treasury to write a check and report an accurate closing balance to the region without haste, since we risk reporting the wrong balance.

ILS,

## RD Report June 2018

Kathleen M.

Hello Everyone,

It has been a busy quarter but all is well. I'm submitting an Expense report, which includes costs incurred for the Mid-Atlantic mailbox and printing which includes the cost of the WSC Final report. I'll make arrangements with Jodi to transfer the Region's mail over to her.

As you can see Jodi and I returned from the WSC safe and sound. Everyone should have a separate report for the World Service Conference. Some of the main topics at the WSC was Zonal Forums as another level of service, their best practices, the Future of the WSC, Inspection Request, NAWS financial reporting, Virtual meetings, DRTs and Public Relations, aside from the typical NAWS reports (HRP, Annual Report, etc.). Please take a look over the report and let me know if you have any questions.

A lot happened at the WSC, including the adoption of zonal representatives for zones that have two or more unseated communities. All Project Plans were passed that were presented in the Conference Approval Track, which included a **Workgroup on the Future of the WSC**. The initial focus for the workgroup in the project plan that was adopted at WSC 2018 reads:

"We want to focus our efforts this cycle on building consensus on what *a sustainable, effective WSC* means and what it might look like. In light of that shared vision, we would also like to advance the discussion on WSC seating."

Additionally, this workgroup, as described in the project plan, is tasked with furthering the following approaches from the 2018-2020 Strategic Plan:

- A. *Strengthen collaboration among zonal forums and between NAWS and zonal forums.*
- B. Collect and share best practices of zonal forums.

The above was taken from a recent E-Blast from World Services. It has been the main topic of discussion at the last two NEZF virtual meetings which has focused on the nomination and voting process of a Zonal participant from the NEZF. During the North East Zonal Forum meeting at the WSC, I nominated Adam H. from Connecticut. Knowing him for sometime, he more than qualifies based on his service experience (has attended the WSC multiple times). Other attributes is his ability to see points of view from various perspectives, his in-depth understanding of the history of NA and he continues to participate at the Zonal level even without being an RD or RDA in various positions such as WEB, Secretary, Vice Chair, Chair. He also understands the importance of Group Conscience in regards to the CAR & CAT. There may be a new nomination process introduced at the next virtual NEZF meeting that will be held on June 24th. I recently spoke to Adam and he is still willing to serve. I hope the Region supports his nomination. Other details that will be discussed at the virtual meeting are finishing up the workgroup selection and workshop topics for October's face-to-face NEZF meeting, which will be held in the Northern New England Region.

The NEZF PR ADHOC committee continues to meet monthly. The committee is working on a PR Environmental Scan, which is in the process of being revised based upon input from the members who attended last months meeting. The scan will be available to the Regions and Areas of the Zone for input once the Environmental Scan is approved by the NEZF. The purpose of the scan is to gather information from the NA communities to identify trends and issues directly related to Public Relations and help create a plan based upon the data received. I'm passing around a form titled "**Mid-Atlantic Region Area & PR Contact List**". Please check the information for your Area and correct any mistakes. Also, please add the contact person for your PR sub-committee including the Chair, Vice Chair and the appropriate contact information. This data will be provided to the NEZF Adhoc PR committee. I have attended several of the PR Adhoc meetings and I have found them to be well attended, informative and productive.

For many years, I have seen the RD return asking this body for direction in regards to the Northeast Zonal Forum. Each time, we've given little input. Most of the discussion has been on whether it's resourceful to send our RD/RDA team to the Zone. At this time, I don't think it's a question of whether we send the RD/RDA team to the Zone but rather should we consider additional representation on behalf of the Mid-Atlantic Region?

A new level of service is coming. The next WSC will be the first Hybrid conference consisting of both voting RDs and Zonal Representatives. Will our Region participate in the process of developing the NEZF into a level of service that will benefit NA as whole, our Region, Areas, and the Groups? Do the Areas, the Groups, and members have enough understanding of the Zones to participate in the Process?

I would like to discuss in New Business the idea of sending an additional participant to serve at the NEZF. Each member Region of the Zone has the option to have 3 Regional elected representatives. Anyone may attend the NEZF but they are unable to fully participate unless they are a regionally elected participant from a member Region. Having another member representing the Region means additional support for our Areas and Groups without the burdens of responsibility that comes with being an RD and RDA. During the next cycle or two (during the transition in adding another level of service) the role of the RD/RDA will continue to expand. More Webinars to attend, more frequent E-blasts, disseminating more information from NAWS etc. It is possible the current Zonal PR ADHOC committee may become a standing Sub-committee and perhaps more standing committees will be created as the Zone transforms into a new level of service.

*Motion ??*

I propose the following:

The creation of an ADHOC position (Zonal Service Liaison) sent to serve at the NEZF to ensure maximum participation in representing our Region, Areas, and groups during the transition of essentially an entirely new service body. This position would be temporary and unfunded pending the developments of the transition. This participant would not vote but could participate in discussions at the Zone on behalf of the Region. This position would be responsible for attending all NEZF meetings including ADHOCs and/or workgroups at the Zonal level and providing a written report to Region specifically on topics pertaining to moving forward as a new service body. They should also be available to assist interested Areas or Groups in building their understanding of Zones.

I would like to Thank the Region for giving me the opportunity to service. The experience has helped me grow tremendously in my recovery and for that I am truly grateful.

In Loving Service,

Kathleen M.

## Results of a Meeting with the South Florida Region

3 May 2018

At 6:00 pm, May 2, 2018, representatives from NA World Services, Arne H and Anthony E, met with representatives from the South Florida Region, Jeff P, Regional Delegate; Kevin D, Alternate Delegate; and Mat S., Regional Chair, met to discuss the request for inspection of the *FIPT* records. The purpose of the meeting was to see if it was possible to reach a compromise, so that the region could receive the information they desire in a manner that NA World Services could accommodate.

Following are the points discussed with South Florida related to the ten concerns that were addressed in NA World Services letter dated March 16, 2018 to the South Florida delegate. This inspection will focus on fiscal year 2016, except where otherwise noted below.

- a) Both parties agree that the inspection shall be five working days beginning May 21, 2018 at 9:00 am at the World Service Office main headquarters at 19737 Nordhoff Place, Chatsworth, California 91311. If it is determined by the requestor that NAWS is purposely attempting to delay the completion of the inspection, then South Florida will be allowed to negotiate the possibility of additional time with the assigned Board members.
- b) South Florida is willing to focus on financial records for expenses reported for the world convention in Brazil, in whichever fiscal year they are posted. This includes records for the account opened for NAWS by the ACS in Brazil.
- c) South Florida agrees to remove the records from Iran, Canada, India, and Belgium from the inspection request.
- d) South Florida maintains its concern #1 regarding donated literature being reflected as a decrease of retail value as opposed to replacement cost.
- e) South Florida maintains both of its concerns that World Board general expenses as well as World Board travel are not being reported accurately.
- f) South Florida agrees to allow the assigned Board members to conduct the review of internal World Board minutes and Executive Committee notes for the period of inspection, to determine that no such undisclosed locations exist as it relates to Concern #3. The assigned Board members can also conduct a review of World Board minutes and Executive notes to identifying any discussion regarding the exempting of double occupancy that exists in those records.
- g) South Florida maintains its concern #4 regarding the equal application of literature discounts.
- h) Both parties agree that NA World Services will provide the designations of *FIPT* properties as it relates to concern #6.

As it relates to concern #10, South Florida desires to see any communications to any internet service providers connected to the Digital Millennium Copyright Act, issued during the inspection period

- i) Both South Florida and NAWS acknowledge that NA World Services has, on multiple occasions, reported to the WSC that the Credit Card guidelines, along with several other policies, located in A *Guide to World Services in NA* are no longer utilized. This will be acknowledged in the final inspection report.
- j) South Florida requests that the World Board conduct a future examination of the communication processes between a requestor for inspection and NA World Services to see if there is a way to improve for the future, led by a new board member who was not seated during the current process.

## Consensus-Based Decision Making

This section summarizes the responses to the questions about the use of consensus-based decision making (CBDM). We asked whether CBDM is used by the regions or any of the areas. The results are shown in the charts below.

Most of the comments about how CBDM is working were positive, with only a few that focused on the challenge of learning how the process works. Several also described using CBDM for discussions, and a formal vote to ratify decisions when needed, or a hybrid of CBDM and parliamentary procedures.

#### 3. *Maker: Baja Son Region*

**Committed to WB**

To direct the World Board to create a project plan for a Step Study booklet

containing questions derived only from sentences in the Basic Text chapter 'How It works', for consideration at WSC 2020.

**Committed to the World Board by Consensus because of the need shown at WSC which means the WB will work with the delegates on this topic to develop plans consistent with the needs of the fellowship. International fellowship had strong support for this because it would be easier to translate and get it in the hands of recovering addicts than a full length book**

**4. Maker: Eastern New York Region**

**Failed**

To direct NAWS to produce and add to inventory an MP3 digital download of the Basic Text Fifth Edition in Spanish, previously in inventory on audiocassette. By conference policy, NAWS is not authorized to publish a fifth edition once a sixth edition is available. This motion would provide for a one-time waiver of the policy for NAWS until the Spanish Sixth edition is completed.

**34/Yes - 74/No - 2/Ab**

**US/Yes**

**5. Maker: Venezuela Region**

**PASSED**

To approve an NA Service Prayer, utilizing the language that is already in the intro of the Basic Text, substituting the word write with the word serve, including it in the set of posters of the meetings for NA groups, as shown here:

"GOD, grant us knowledge that we may ~~write~~-serve according to Your Divine precepts. Instill in us a sense of Your purpose. Make us servants of your will and grant us a bond of selflessness that this may truly be your work, not ours, in order that no addict, anywhere, need die from the horrors of addiction."

**79/Yes - 29/No - 2/Ab**

**US/Yes**

**6. Maker: Eastern New York Region**

**Failed**

To direct NAWS to produce and add to inventory key tags that reflect the growth of years clean in Fellowship Worldwide; specifically, Granite for one Decade, Purple for Decades Clean and Pink for 25 Years Clean.

**37/Yes - 72/No - 3/Ab**

**US/Yes**

To direct the World Board to create a Service Pamphlet (SP) that clearly and simply outlines the rights of groups to reprint Narcotics Anonymous recovery literature covered under the *Fellowship Intellectual Property Trust* and its bulletins.

**72/Yes - 38/No - 2/Ab**

**US/No**

**8. Maker: Northern New York Region**

**Failed**

To replace the first paragraph under "What kinds of literature should we use:" in the group booklet as follows:

Original Paragraph

NA World Services produces a number of different kinds of publications. However, only NA-

approved literature is appropriate for reading in Narcotics Anonymous meetings. Selections from NA- approved books and pamphlets are usually read at the beginning of an NA meeting, and some meetings use them as the core of their format. NA-approved literature represents the widest range of recovery in Narcotics Anonymous.

#### Replacement Paragraphs (split)

NA World Services produces a number of different kinds of publications. However, only NA- approved literature is appropriate for reading in Narcotics Anonymous meetings, *and then only NA- approved edition(s) of literature that conveys a unified message as the most current edition(s). For Basic Texts, this would be the 3rd Edition Revised and newer. Older editions of our literature as well as approval drafts, while valid in history, and while they carry a message of recovery, all carry a message that in some way or ways contradict our current edition(s) of literature and are no longer in unity with the fellowship's conscience regarding our message of recovery.*

Selections from NA-approved books and pamphlets are usually read at the beginning of an NA meeting, and some meetings use them as the core of their format. NA-approved literature represents the widest range of recovery in Narcotics Anonymous. *It is suggested that meetings that utilize older editions of NA-approved literature acknowledge the current editions of NA-approved literature for the sake of NA unity.*

NAWS database

\* The difference between the reported figures and the NAWS database figures from the same regions appears to indicate that our database contains groups and meetings that are no longer active or are duplicates, but that have not been updated by their areas/regions. The discrepancy in group figures is also due to a number of regions not providing the number of groups in their regional reports.

OFFICER'S REPORT

DATE: 6/9/2018

Hello Regional Body

Very challenging and brutal 2 months for me personally. My priority shifted to my family in Florida and all my time attention and energy went there as we are nursing my mom back from a nasty infection. She is improving. Then my husband got in a nasty car accident last night which put the kibosh on regional attendance. Life on Life term's really gets you in the day. I accomplished a few things for Region but am behind. Things are settling with my family and this free's up my resources in the next quarter

- Updated site to GoDaddy.com
- Will submit motion next region for reimbursement.
- Will submit motion to change the budget for Region web chair.
- EMAIL Forwarders were not working correctly. If you sent anything to webchair@marscnc.org please resend.
- All events are currently posted. Thank you Andres.

POSITION: Region Web-chair

- Am in process of Modifying the instructions for maintenance of the site. That will be complete by next region. The BMLT Ad hoc got no attention this quarter. Thank you for your support and patience. I'll be there next region.

Good afternoon family,

For those who attended we are coordinating information to further unify web links.

Sonya is going to get together with me in the next few months to further clean up our website and make links better operable.

~~XXXXXX~~ I would like to gather e-mails so in the event of a link failure I can institute an alternative method to get necessary farm's insurance, etc... etc... where they need to go.

~~Anything that needs to be~~  
~~event~~

Any event that needs to be posted should be made available to me, or emailed to me at, (golder77@outlook.com)

I had a discussion with the representative from the MARLCNA committee about digitally handling future registration for MARLCNA. And setting up advance collecting of monies to reduce problems with bad checks etc...

I did return the projector repaired and gave it to Jodi

## MARLCNA XXXV REGIONAL REPORT

JUNE 9<sup>TH</sup> 2018

The MARLCNA committee has met twice since our last regional meeting. We had our organizational meeting in April and we received a lot of support, we have all of the positions filled with the exception of the Arts & Graphics vice chair. YAY!

Since we have started up again using the new policy we realized that it needs some additional updates, therefore we are currently working on adding details to this policy, and we are planning on having it updated by the next regional meeting.

We have been working on the reconciliation with the Regional Treasurer (Katelyn) from our last event. As of today the Merchandise reconciliation is completed, however the remaining portion is still in progress.

The MARLCNA subcommittee discussed adding an additional officer to the Registration Committee in an effort to assist with its many task. We discussed adding a "Bookkeeper" position, which would be largely responsible for the recordkeeping of registration (to help with streamlining the reconciliation process), before and during the event. This new position would be a three year commitment on the MARLCNA committee, and we presently have someone who has attentively accepted this position pending the outcome of this regional meeting.

In addition, the MARLCNA subcommittee is researching different avenues to collect funds for the event, such as PayPal for electronic payment options.

The Lancaster Host is still undergoing renovations, and has assured me that they would be inviting me to see the updates throughout the year. We intend on researching other venues as we have in the past and will update the regional body as we gather information.

Lastly, at our last regional meeting this subcommittee brought up a concern regarding the PPP's and Newcomer packages. We are asking if this was considered, if so we welcome ideas!

In Loving Service,

Verlina V.M.

MARLCNA XXXV Chair

the creation of an ADHOC position (Zonal Service Liaison) sent to serve at the NEZF to ensure maximum participation in representing our Region, Areas, and groups during the transition of essentially an entirely new service body. This position would be temporary and unfunded pending the developments of the transition. This participant would not vote but could participate in discussions at the Zone on behalf of the Region. This position would be responsible for attending all NEZF meetings including ADHOCs and/or workgroups at the Zonal level and providing a written report to Region specifically on topics pertaining to moving forward as a new service body.
