

MARSCNA Delegate Update

November 2022

CP Webinar Update

NAWS has a new updated database system which will improve subscription & email processes. They are getting ready to re-launch "Reaching Out".

There will be no Print copies of the CAR & CAT this year. Members will be able to download both from Na.org when available. The CAR will be available late November.

There will be a total of 25 motions in the CAR this year. 12 World Board Motions & 13 Regional motions.

There will be a Zonal Workgroup working on, "Future of the WSC". Currently the World Service Conference costs around 1/2 million dollars. NAWs states that this is not sustainable. The workgroup will continue the work of the previous Zonal Workgroup. One member from 15 Zones and 1 from Iran will be chosen by each of the Zones as previously done the last time the Zonal Workgroup was formed.

Periodically, Epolls are sent to the Delegates to answer. To your right is an example of a recent Epoll.

A Conference Participant Discussion board is coming in the near future. Will keep you posted

DRT/MAT as It Relates to NA
What do we want to say in a piece of NA recovery literature?
We need your thoughts and experience
due: 30 Novem
survey link www.na.org/survey workshop

DRT/MAT Survey

Epoll results
include the motion about the Vision statement in the CAR
To revise the Operational Rules of the FIPT, including the inspection clause.
What percentage of the WSC should be required to initiate an inspection of the trustee activities?
September RD results

2/3rds%	50%+1	1/3rd	write in
57	12	15	7
63%	13%	16%	8%

76% of at least 50%+1
posted at www.na.org/conference
